China: An Emerged Economic Powerhouse in the Global Economy **Patricia Smith, Ph.D.**

Dr. Smith will describe the dynamic growth of two of China's leading economic regions – the Yangtze River Delta and the Pearl River Delta/Hong Kong. She will discuss how China is being transformed from a planned economy into a globally competitive market oriented economy.

Sunday June 14, 2009 3 – 4 pm

Room 202 at Cameron Village
